## **SCOPE OF THE JOURNAL**

Bioscience & Engineering: An International Journal (BIOEJ) is a peer-reviewed, open access journal that addresses the impacts and challenges of Bioscience, Bioengineering and Applications. The journal documents practical and theoretical results which make a fundamental contribution for the development of Bioscience & Engineering.

This journal aims to bring together researchers and practitioners in all Bioscience & Engineering aspects, including (but not limited to)

- **Biochemical Engineering**
- **Biochemistry**
- **Bioinformatics**
- **Health Informatics**
- **Biomedicine**
- **Bioscience Engineering**
- **Biotechnology**
- **Bio-fermentation Technology,**
- **Food Science & Technology**
- **Genetics**
- **Geomicrobiology**
- **Microbiology**
- **Molecular Biology of Plants**
- **Zoophysiology**

## Paper Submission & Manuscript preparation Guide

Authors are invited to submit papers for this journal through E-mail [bioejjournal@aircc.org](mailto:bioejjournal@aircc.org). Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this Journal. For paper format download the template in this page [Manuscript Template](#).

### Review Process

Submissions are accepted for review with the understanding that the same work has been neither submitted to, nor published in, another publication. Simultaneous submission to other publications will result in immediate rejection of the paper. Papers are not within the journal scope will be rejected immediately after the pre review process.

All manuscripts will be subject to a well established, fair, unbiased peer review and refereeing procedure, and are considered on the basis of their significance, novelty and usefulness to the Journals readership. The reviewing structure will always ensure the anonymity of the referees & it will be reviewed by 3 experts in the field. The review output will be one of the following decisions:

1. Accept
2. Accept with minor changes
3. Weak Accept with major changes
4. Reject

The review process may take approximately two ~three months to be completed. The Editor reserves the right to reject a paper if it does not meet the aims and scope of the journal, it is not revised well.

### Copy Right Form

After submitting final manuscript, you can get copy right form from AIRCC secretary
